

PSAT Information:

What is the PSAT and why is it important?

- The PSAT (which stands for Preliminary SAT) won't count towards your college admissions applications, but it is the qualifying test for the National Merit Scholarship.
- This means that some of the highest scoring students may win scholarship money, so while you shouldn't stress out about the PSAT, you certainly shouldn't ignore it either. Instead, use the PSAT as practice for the SAT and ACT and one of the starting points on your college admissions journey.

When do you take the PSAT?

- The PSAT is offered nationally every year in October. Ask your school counselor about when your class is scheduled to take the PSAT.
